

Hampshire Health Record (HHR)

The Hampshire Health Record is a local scheme that allows OOH, Ambulance and Emergency services as well as GPs and Hospital Consultants access to medical record data. The data made available on the HHR is limited, it includes allergy information, medication, diagnosis, tests & treatments. It does not include any information relating to sexual health, abuse or complaints. Patients are able to Opt Out of the HHR if they wish. Patient consent will be required by ANYONE accessing their records (unless they are unconscious).

If you would like to Opt out of the HHR scheme please tick below and return to Reception at Liphook Village Surgery

I would like to OPT OUT of the HHR	Signed	Name (print)	Date

Summary Care Record (SCR)

The Summary Care Record is a National programme and will enable Healthcare professionals across the country access to the SCR database and patient information. The SCR will consist of Patient information which will be uploaded from our clinical system on a regular basis. This information will be very limited:

- Medication
- Allergies
- Adverse drug reactions

Patient consent will be required by ANYONE accessing their records (unless they are unconscious).

If you would like to Opt out of the SCR please tick below and return to Reception at Liphook Village Surgery

I would like to OPT OUT of the SCR	Signed	Name (print)	Date

General Practice Extraction Service (GPES)

Patient information is extracted by GPES in order that the practice can submit data on work performed within the practice. This includes items such as: Childhood vaccinations and the Quality & Outcomes scheme. The extracted information is then used to pay the practice for the work it has done, and to provide information that forms the basis of our achievement and performance. This is where the data for League Tables will originate from. Such information will be anonymised and therefore patients cannot opt out of this extraction.

However, some patient identifiable information may be extracted for the purposes of improving healthcare and informing commissioning decisions. The type of information that will be extracted may include personal confidential data such as referrals, NHS prescriptions, date of birth, postcode, NHS number and gender.

The GP Practice is just one area that GPES obtain its information from – they also look at information from other health/social care settings, such as hospitals. You can opt back into your personal information being extracted as above at any time by informing the practice.

If you would like to prevent any patient identifiable information from leaving the practice, or prevent information from being passed from hospital and other healthcare settings, please tick below and return to Reception at Liphook Village Surgery

I wish to OPT OUT of the GP extraction Data	I wish to OPT OUT of information being passed from hospitals/other providers	Signed	Name (print)	Date
